

## SHOPS WORK OVERTIME OLD MAN IS BADLY BEATEN

Rush Orders Keep Western Workmen Busy.

## BOILER TUBE DEMAND

MECHANICS LABOR ALMOST DAY AND NIGHT.

Engines are being overhauled and put in repair, carpenters are hurrying up caboose and other work and painters are rushing in their department.

Rush orders have kept the repair shops of the Rio Grande Western road working overtime several days during the past week. This applies particularly to the blacksmith shops, which were kept open until 3 o'clock on Wednesday and Thursday mornings. The demand for boiler tubes is unprecedented at this time of the year. About 1,000 per day are being turned out by the men in charge of that department. Most of these are old tubes that have been cut out and are having an extension welded on in order to bring them up to the required length of thirteen feet.

In the machine shops work is being rushed on Baldwin compound No. 66 so as to get her on the road as early in the week as possible. A large force of men were kept tinkering at her last night long after the shops had closed for the day. No. 63, which is being converted from a Baldwin compound to a Richmond compound, is well under way. The boiler has been refitted and is now set up on the frame with the Richmond cylinders.

In the carpenter shop the "wood butchers" are very busy getting out new caboose Nos. 6 and 11. They will leave the shops this week. A new frame cab is being built for locomotive No. 63. In the paint shop haggard car No. 38 is undergoing general repainting and repainting. Coach No. 211 is being equipped with new sills and window frames.

Pullman sleeper Kalo, which was in the muss-up near Tucker on Thursday evening, is having her trucks overhauled and new brakes refitted. They were badly strained in the accident.

Carleton of the Union Pacific force at Butte has been transferred to the cashier's department at Omaha. Mr. Wilson will be assisted in his work by G. W. Lamson, ticket agent; A. B. Moseley, traveling freight agent; A. Daws, chief clerk, and W. A. Larkin, stenographer.

When Santa Fe Will Enter San Francisco.

San Francisco, Feb. 10.—Paul Morton, second vice president of the Santa Fe railroad, who is now in this city, says that his company will run its first regular train into this city about May 1. He states that, in time, a trans-Pacific steamship service, to connect with the road, will probably be established from this city.

## AGREE TO SELL.

Rumor That Crocker and Mrs. Stanford Will Let Go.

San Francisco, Feb. 10.—The Examiner says that according to a report current in the offices of the Southern Pacific company that the Crocker and Mrs. Jane Stanford, who each hold 12,500 shares of stock in the Pacific Improvement company, have at last agreed to sell to Collis P. Huntington and the Speyer banking syndicate. The purchase price for each block of stock is said to be between \$5,000,000 and \$6,000,000.

## Railroad Notes.

H. M. Clay, general agent of the passenger department of the Union Pacific road, left yesterday for a three week's visit in southern California.

The Oregon Short Line announces that they will sell round trip tickets at a one-way rate from all Utah points to Salt Lake on Tuesday. This rate is for the benefit of ex-volunteers only; they must be in uniform or wear service medal. Tickets from distant points will be sold on Monday. They will be honored for return passage until the 14th inst.

## MADE DISPARAGING REMARKS ABOUT GEORGE LAIL.

Latter Was Arrested and Locked Up, But Later Released in \$100 Bail.

John Chinn, a man about 70 years of age, was terribly beaten by George Lail, a blacksmith, yesterday afternoon in a fight at the Silver Coin saloon on West Second South street. Lail jumped on him because of some disparaging remark the aged man is alleged to have made regarding the other's family. The shock was so severe that Chinn lost consciousness and was dazed for hours afterward. There was a slight concussion of the brain and probably internal injuries, which, on account of the injured man's years, may disable him permanently. He was taken to the Holy Cross hospital. City Physician King dressing his injuries.

## MR. DOOLY PAID UP.

County Suit Against Banker Is Dismissed.

Upon the motion of County Attorney Putnam the cases of Salt Lake county vs. Wells, Fargo & Co. and John E. Dooly were dismissed by Judge Cherry, the outstanding account of \$647 in each case having been settled with the county commissioners. The suit was brought to compel the defendants to pay for the spraying of an orchard, the property of defendant, situated in Pearson's subdivision. The apple trees were condemned by Fruit Tree Inspector Sorenson in August, 1897, as harboring the dreaded woolly aphid, codling moth and red spider. Wells, Fargo & Co. ignored the request, and finally, in desperation, Sorenson despatched a man to the seat of the trouble, who performed the spraying act.

## BUSINESS OF WEEK

No Marked Betterment of Conditions Noted.

## RAILWAY BONDS SOLD

BLOCK VALUED AT \$30,000 DISPOSED OF.

Local Stocks Are Steady—Money is Plentiful at Reasonable Interest Rates—Real Estate Market Shows Continued Dullness—Week Shows Further Decrease in Clearings.

Local business conditions show no marked change from the previous week. There was a slight increase in volume due in part it is thought, to the removal from the community of the smallpox scare. Collections are reported fair as compared with other years. There is no disguising the fact that money is scarce among farmers, outside of the cattle and sheep men.

Many farmers overloaded themselves with new implements, machinery and in many cases land under the promise of greatly improved times. The extremely low price of wheat and other farm products is making it very difficult for many of them now to meet their obligations.

The continued inactivity in mining stocks is reflected still in the bank clearings, which show up to poor advantage against the heavy clearings of last year. The clearings yesterday were \$284,045.50, compared with \$271,620.15 for the week they were \$1,804,235.88, compared with \$1,835,553.63 for the corresponding week of last year. This shows a loss for the week of \$131,318.

## Money is Plentiful.

Local money is still plentiful and to be had at reasonable rates for any safe investment. Local stocks were inactive throughout the week, principally because few good securities are to be had at present prices. The continued advance or at least stability in local securities indicates a high degree of confidence in local business conditions.

The following are the quotations at the close of the week:

Deseret National bank	\$239.00
Deseret Savings bank	148.50
State Bank of Utah	128.00
Zion's Savings bank	127.50
Utah Commercial & Savings	105.00
Z. C. M. I. bank	125.50
Cunnington & Co.	112.00
Co-op Wagon & Machine Co.	113.00
Home Fire Insurance Co.	103.00
Clark, Eldredge & Co.	80.00
R. M. B. Telephone Co.	102.00
Ogden Sugar company	150.00
Utah Sugar company	14.00
Salt Lake Railway bonds	103.00
Mormon Church bonds	102.00

## Railway Bonds Sold.

The only sale of importance during the week was a block of \$20,000 worth of Salt Lake City Street Railway bonds at 103, by E. L. Burton. Little is being done yet in real estate but the occasional sale made furnishes proof that values are keeping up and that there is a strong demand for gilded property. The assurance that a union depot will be built and that Third South street will be paved from there to State, together with the location of the federal building site is having a marked effect on realty values in that portion of the city.

Work is still progressing on the foundations of the large buildings in course of construction. The continued open weather is especially favorable to workmen. The fact that Architects Neuhaus, Dallas and Kletting are in the east is taken to indicate that Salt Lake will have some improved styles of architecture during the coming year.

"I had dyspepsia for years. No medicine was so effective as Kodol Dyspepsia Cure. It gave immediate relief. Two bottles produced marvelous results," writes L. H. Warren, Albany, Wis. It cures what you eat and eat not fail to cure. F. C. Schramm, McCormick block, prescription druggist.

## OGDEN CLUBS.

Agial.

Last Tuesday the Agiala met with Mrs. William Allison at her cosy home on Washington avenue. The guests of the afternoon were Mrs. Dalrymple and Mrs. E. W. Matson. After the business session roll call was responded to with favorite quotations from Tennyson's "In Memoriam." Mrs. Kelley then gave her "Study of 'In Memoriam,'" the most inspiration of the poet's sonnet.

The hostess, Mrs. Bessie Dean Allison, sang "Mine Own" by Housh, as only she can sing. As encores the quaint old song, "Darby and Joan," was given. Mrs. Bichel then presented her paper on "Tennyson's Views of Life from 'In Memoriam,'" which showed a thorough understanding of her subject. A pretty feature of the afternoon's entertainment was the attendance of Miss Raymond Allison as page. With her did, happy talk "over the top" one of the most delightful meetings of the year came to a close just as twilight drew her curtain round and pinned it with a star.

The Coterie meets Feb. 13 with Mrs. Kimball on Washington avenue.
